REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art fails to teach a combination of all the limitations as claimed in the independent claim 1, wherein the claimed invention comprising an elongate center member, a pair of temple arms, a pair of connecting members, each connecting member secured to one of the temple arms and to the center member, and having a slot formed in a surface thereof; and a lens received in the slots of the connecting members, a rear surface of the lens along an upper edge of the lens being spaced forwardly from the center member so as to form a gap therebetween, as claimed. The prior art does not disclose or fairly suggest, by themselves or in combining with any other reference, to meet a combination of all the limitations as claimed in claims 1,22,34,35. Therefore claims 1-55 could be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
